

Make
EVERYDAY
exceptional

You'll love the comfort and convenience
of natural gas in your new home.

Elevate everyday moments in your new home with the comfort and convenience of natural gas. Precise temperature control for cooking chef-inspired meals, endless hot showers or a relaxing soak, and soft laundry dried just right in half the time. And when you prefer to jump right in, there's perfect pool or spa water day and night. You'll love the energy efficiency and annual cost savings too. Making everyday living a little more extraordinary is at the heart of what we do.

Natural Gas Cooking

- Cook with the precise temperature control preferred by most professional chefs
- An easy style and performance upgrade for the heart of your home
- Instant on and off provides the ultimate in convenience and control

Natural Gas Outdoor Living

- Convenient, clean grilling for endless entertaining
- Lighting adds timeless charm without attracting bugs
- Extend the swim season with energy efficient pool and spa heating

Natural Gas Water Heating

- Heats water up to twice as fast as electricity and may provide comfort during a power outage
- Tankless technology heats water on demand and is up to 40% more energy efficient
- Tankless models are durable, lasting 20 years on average

Natural Gas Clothes Drying

- Clothes dry nearly twice as fast – saving money, energy and time
- Stretch your wardrobe investment with shorter drying times that are gentler on clothes

Natural Gas Home Heating

- Maximum efficiency – today's models are up to 98% efficient
- Enhanced comfort with air up to 25 degrees warmer than an electric heat pump
- Sustainable cost savings over time with less energy use

Natural Gas Fireplace

- Easy to incorporate into any indoor or outdoor design
- Ambiance with exceptional comfort and convenience
- Enhanced air quality over wood burning
